Mr. Rainosek:

I am pleased to inform you General Standards Corporation is compliant to the ISO-9001:2008 requirements, based on the results of the Internal Audit conducted on Wednesday September 15 and 21, 2010.

I would like to thank you for the opportunity to assist Mr. Barry Nicholson with the internal audit.

General Standards proved that its Management Team is committed to the implementation of ISO-9001 and should have no problems proving compliance to the standard if you decide on registration.

Regards,
